Chinese name: 魏牧源                      Gender: Male
Country: China                             Phone: +86 131 1111 1111
E-mail: tivility@gmail.com                   Github: tivility

Skills
• Skilled in using algorithms and data structures to solve problems.
• Skilled at C++, participated competitive programming with C++ for years.
• Familiar with C, Python, Java, JavaScript, Git, Linux, MySQL and PostgreSQL.

Education
• Bachelor: Harbin Engineering University, Software Engineering, September 2016 to present (Expected graduation time: June 2020).
• High school: Tianjin Bankai High School, September 2013 to June 2016.

Awards
• Second prize, Harbin Engineering University Scholarship, September 2018.
• Silver medal, ACM-ICPC Chinese Collegiate Programming Contest, June 2018.
• Second prize, The 12th Northeast Collegiate Programming Contest, May 2018.
• Second prize, Lan Qiao Cup Competition Heilongjiang Provincial, April 2018.

Experience
• Project Training, Houshi Software Park (Shenyang, Liaoning), Java Web, July 2018 to August 2018.
  • Developed Java Web projects using the Spring and Spring MVC framework.
  • Built database support with MyBatis and MySQL.
  • Implemented web page effects using JavaScript Three.js.

• Teaching C language foundation, algorithm and data structure courses for middle school students and college students, October 2017 - present.
  • Teaching 51nod algorithm competition online course (51nod248, recording, video and lecture), May 2018 - present.
  • Teaching and designing examinations of the "ACM Programming" professional elective course in school, May 2018 - present.
  • Chairman of the Algorithms and Programming Association, responsible for promoting programming and algorithms in school, October 2017 - February 2018.
  • As a student leader of the ACM-ICPC team in school, taught the team's algorithmic competition training courses, April 2018 - October 2018.

Addition

Subtraction

Addition

- Internship experience
- Open source project
- Independent project
- Laboratory project
- High grades ranking ($\leq 10\%$, $\leq 15\%$)

Subtraction

- Insignificant information
 - Student Union / Student Community
 - Hobby, Music orientation...
- Information not related to the post
 - Sports champion
 - Front-end development experience
 - Backstage development post

Familiar with
all the knowledge points
on the resume

Thank you
